Ministry of Finance.

New Delhi, the 17th March 1948.

OFFICE MEMORANDUM

Subject: Grant of advances to Government servants who have lost their personal effects during transfer from West Pakistan to India, to enable them to re-equip themselves.

****

It has been represented that the provision in this Ministry's Memorandum No.F.43(46)-E.V/47, dated the 20th November 1947, requiring temporary Government servants to produce personal security of permanent Government servants in order to draw the advance mentioned therein, is causing hardship in certain cases where the Government servants concerned are unable to produce such a surety especially because they are in a new station. It has, therefore, been decided that where a temporary Government servant requiring advance is unable to produce a surety, he may be granted an advance without such surety if the appointing authority can certify that his employment is not likely to be terminated within a period of three years - the period within which the advance is ordinarily repayable. If such a certificate cannot be given for a period of three years, but can be given only for a shorter period, an advance may still be given but it should in that case be made repayable during the period covered by the certificate. Where the recovery has to be made under these orders in a period shorter than three years the sanctioning authority may at his discretion allow only an amount smaller than what is ordinarily admissible so that monthly recoveries may not cause under inconvienence to the Government servant concerned.
